Transfeminine body

Positivity

I love my weird
body!

But society tells me
not to!

Why Shouldn't

I go outside in
shorts showing
my hairy legs?

They're furry &
soft and they get
lovely & soapy in the
shower. They look
great under fishnets!

My face too!

What if I want to
go out sporting a mous-
tache.

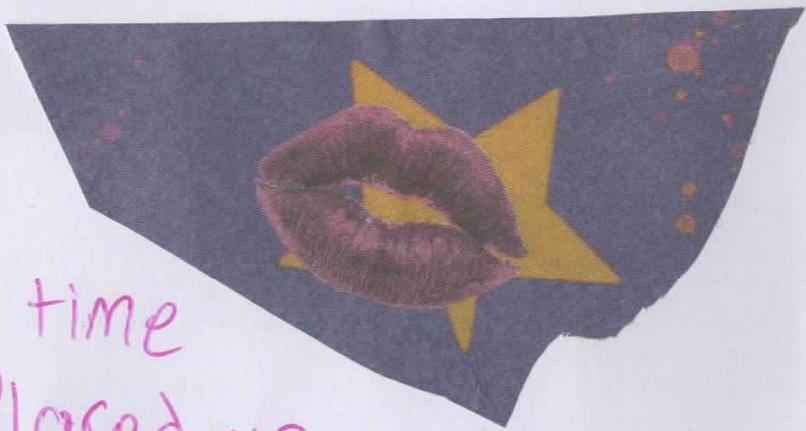

It doesn't make me
any less of a woman.

rats arriving on ships from the
infected with bubonic plague,
were able to pass
The
Black Death.
So, politicians beware!
As an aside,
The Pied Piper Of Hamelin.

Doctors have always held 'the bag' over me as a threat to eat better. But honestly Shitting from my front is the coolest thing I do.

My Psoriasis makes it look like I'm always blushing. Isn't that cute!

One time it flared up all over my body in patches. It was itchy, but I looked like a leopard! 7:3
